

What's outside your window? Trees, the neighbours house, a view of the street, maybe a swimming pool?

During the pandemic, we have all spent more time at home than usual and perhaps more time looking through our windows.

Now is the perfect time to take the opportunity to really observe what we can see around our homes and view from our windows. Through creating an artwork, we are documenting our thoughts and experiences. Choose a window in your home with a view that tells a story or looks out on something that appeals to you. Create a drawing or painting of what you can see.

One of our art educators, Lyndon Hallows, created these drawings looking through the gallery windows.

For this Art adventure, we took inspiration from the Art Gallery of NSW who asked nine artists to create images of the view from their window. Follow the link below to view their artwork
